### THEN AND NOW.

Eighteen years ago this fall when the

political issues were squarely drawn on the

question of slavery, there were thousands

of Democrats in the North who abandoned

their party and joined the Republicans.

The Republican party boldly pledged itself

to oppose, by all lawful means, the further

extension of slavery; and also it maintained

that the public lands of which there were

then many millions of acres, should be

kept out of the hands of speculators and

slaveholders, and should be given to actual

settlers—men of small means who owned

no land, and who desired to make homes

for themselves in the new States and Ter-

ritories. The Democratic party opposed

these righteous schemes, which drove from

the ranks of the party many thousands of

its patriotic and intelligent members. They

joined the Republicans, and were among

the vast host of patriots who stood up for

a free country, and free homes for the peo-

ple. To show the immense gain the Repu-

bligan party received from that source, look

at the vastly increased vote the Repu-

bligans received in 1860 over 1856. In

1856 the gallant Fremont, who was then

the most popular young man in the Union,

received 1,341,364 votes for President; but

in 1860, that great leader, patriot, and

statesman, Abraham Lincoln, received

1,866,353, a gain of about 500,000, nearly

as many as the entire gain in the total vo-

te of the nation. This shows that the Repu-

bligans received great accessions from the

better class of the old Democratic party.

The issues then were liberty and

free homes, and the Republicans gave the

country both.

The questions in 1878 are in a measure,

as important as they were eighteen years

ago. Now the struggle is for a constitu-

tional currency—a currency "which will

defraud no man," for the protection of the

public credit, and to keep inviolate the

public faith. Upon these all-important

questions there should be no difference of

opinion. They are questions upon which

men have no right to differ. When the

entire business interests of the country

are at stake, when the question comes up

as to whether the laboring man, the me-

chanic, the farmer, and the merchant shall

be depressed by a worthless paper

money, and robbed by its de-

preciation, then every man regardless of

party ties, should not hesitate on what side

to stand. No doubt the better element in

the Democratic party, with the Republican

party, desire a currency which will protect

every man's interest, a currency which

will never be worth less than its face in

silver or gold.

The Republicans brought the present

paper currency into existence, against the

will of a large portion of the Democratic

party which is now clamoring for more

greenbacks. The Republicans have

smashed the "corner" on gold, and they

propose to keep it smashed, and to

give the people a paper money

which will carry about the same value

next year as this; or as the President said

at Toledo the other day, "we want a cur-

rency as unchangeable as the level of Lake

Erie, one that doesn't go down at all; not

like a yard stick which is one foot in

March, three feet in May, and six in July,

but three feet all the time." That kind of

a currency is material to the business in-

terests of the country; material to the welfare

of every laboring man in the United States,

for it will make the dollar of the working

man as good as the dollar of the bondhold-

er.

**NATIONAL BANK INTEREST.**

Last week we made the statement in

order to publish facts regarding the banks

and their taxes and interest, that the

amount of taxes they pay annually to the

Government and the States, counterbal-

anced, or nearly so, the interest they re-

ceived on the bonds deposited with the

Treasury Department to secure their note

holders against loss, should the banks fail.

The official report, that of the Comptroller

of the Currency, shows we were not far

from the right. It is very strange that any

class of men who profess to be intelli-

gent, should make war against a

National Bank currency simply for polit-

ical reasons; and it is stranger still, that

Greenback speakers and Greenback papers

will insist in perverting the truth for the

sake of carrying their point. They tell the

people that the bank currency is a burden

and a great cost to the people because banks

receive interest on the bonds deposited to

secure the people against loss should they

have any of the bank bills in their posses-

sion when a bank fails, whereas the banks

pay about as much in taxes as they receive

interest. That part of the story Greenback

speakers won't tell the people, for if they

did, the argument for the abolition of the

banks would be knocked to the winds, and

their mouths would be sealed.

Again, the men who clamor for a green-

back currency which shall not be redeem-

able, say that, the banks receive six per

cent for their bonds deposited in the

treasury at Washington, while the people

take the four and the four and a

half per cent. bonds. This is another

campaign fraud. The Comptroller's re-

port shows that in 1876, mind you two

years ago, the bonds the banks had depos-

ited were as follows:

Six per cent bonds.....\$1,984,553

Five per cent bonds.....200,000,500

Four and one half per cent bonds.....45,089,700

Four per cent bonds.....15,884,150

Total.....\$2,245,000

Greenback papers and Greenback speak-

ers tell the people all the banks draw six

per cent on the bonds deposited! The

above official report shows how utterly re-

gardless of truth are the leaders of the

Greenback movement. There is another

thing, and an important one, to be consid-

ered. Since Comptroller Knox made his

report, the six percents have been largely

called in, and have been replaced by the

new fours; so also have the fives.

It is curious to note how a certain class

of politicians change about when their own

interests are at stake. They are one thing

at one time and another thing at another

time. For instance, the Evening Wiscon-

sian illustrates this by the action of the pre-

sent Democratic nominee for Congress in

Wisconsin, Mr. Deuster. In 1874 he bolt-

ed the nomination of Sam Rindkopf for

Congress whom Deuster claimed secured

the nomination by his own effort. This

year Deuster secured the nomination by

his own personal effort, and did not cease

to labor until he won the prize. Now Mr.

Deuster, who seems to appreciate that cir-

cumstances alter cases, says it is the duty

of a man to seek office and to work for it;

and that it is natural for man to seek office

and not the office the man!

In speaking of Democratic cheek, Judge

West, of Ohio, made a speech last week,

in which he said: The Democratic party

voted against the Homestead Law for all

the long years that the party was in power.

The Republicans, as soon as it came into

power, enacted the Homestead Law, under

which fifty millions of acres of our wild

lands are to-day occupied as free home-

steads by 350,000 American families. The

Democratic platform of Ohio now has em-

bodied in it that "We favor the preserva-

tion of the public lands as homesteads for

the actual settlers." What Republicanism

did then, Democracy has sanctioned and

indorsed since. If it was in the interest

of capital, then Democracy is to-day in-

dorsing Republican principles that are in

the interest of capital, but they know that

it is not true.

Mr. J. H. Walker, of Worcester, Massa-

chusetts, who does a shoe business of over

\$200,000 a year, says he employs 497

men, to whom he pays on an average of

\$20.00 per day; and he says this, which

workmen should carefully consider:

"There never was a time when it was more

easy for a journeyman to rise to the rank

of manufacturer than now. A workman

of established character and known ability

has no difficulty in obtaining credit."

Butler's chances in Massachusetts is put

in this shape by the Cincinnati Commer-

cial: "Ben. Butler will probably find him-

self in the position of a circus proprietor—

an immense crowd enjoys the music of the

band and the free show, and there is a

prospect of a large attendance; but when

the time for business comes somehow the

crowd doesn't show up."

There will be another set-to to-morrow

between the Butterites and the Massa-

chusetts Democrats. It is thought the

Democrats will have somewhat the advan-

tage this time, as Ben can't afford, even

with his two million dollars, to buy up all

the halls and hotels in Boston.

A careful survey has been made of the

political field, and it is considered that the

next House will stand 136 Democrats and

157 opposition. The present House stands

137 Democrats and 135 Republicans. Of

course the Democrats will call that a great

Democratic victory *a la* Maine.

Hon. E. Rockwood Hoar, of Massa-

chusetts, formerly Attorney General of the

United States, distinguished as a jurist,

and a man of fine culture, great wit and

eminent social qualities, presided at the

National Convention of Unitarians at Sara-

toga, last week.

When you hear a man preaching up an

inflation of the currency, you may depend

upon it that he has an eye on paying his

creditors fifty cents on the dollar. That is

exactly what he means.

The Republican party did the people,

and all the interests of the country, an in-

valuable service when it killed the State

banks. Now let them stay killed.

A postponement of the resumption of

specie payments, would be one of the di-

rect means of unsettling all values and de-

stroying public confidence.

There will be music all along the line on

Thursday evening next, when the Repu-

bligan speakers in Rock county will come

to the front.

## BRIEFINGS.

No more plagues.  
Colds are plenty.  
Mr. J. W. Nash has gone to Colorado for a brief visit.  
Cold-water is being thrown by some on the water-works projects.  
As election draws near more pipes are being laid, but they are not water-pipes.  
The Peoria Reds, who were coming to Janesville so fast, have not been heard from.  
Every ordinary case of snuffles is now termed "hay fever." There's a good deal in a name after all.  
Burr Robbins has changed his route, so as to be heading homeward and will winter in Janesville as usual.  
Elder Stowe, of this city, is reported as having had a big crowd out to hear him yesterday at Elkhorn, where he held a quarterly meeting.  
Friend Wilson, of the Times, has been shaking badly with the ague for a week or so past, but is out again, much to the joy of his many friends.  
The Janesville Guards met for drill last night, and will probably elect their non-commissioned officers at their next meeting, Thursday evening.  
The Walworth County fair commences today. To-morrow General Kilpatrick delivers the address. The fair promises to be in all respects a success.  
Mr. Proctor Seefeld, of West Union, Iowa, is in the city today, and Miss Belle Dearborn has been visiting at the same place, returned with him.  
Pat O'Neil, one of Beloit's young men, who was sent into jail here on a \$20 fine, for being drunk, was today discharged, he swearing out under the debtor clause.  
Next Sunday is the last in the conference year among the Methodists of this conference. They meet in Fort Atkinson next week, when new appointments will be made.  
Seven ladies and five times as many gents can learn of something to their advantage by looking over the advertised list of letters awaiting claimants at the postoffice.  
The Methodist clericals of the West Wisconsin Conference are hastening to Monroe, where the Conference is being held this week. Among those who have passed through this city is Rev. Mr. Huntley.  
A musical recital was given last evening by Miss Battle assisted by the following of her pupils: Miss Fannie Suddell, Miss Rose Pickering, Miss Ada Wheeler, Miss Fannie Wright, Miss Frankie Wheeler, Miss Josie Phillips, and Miss Viola Anderson.  
William Riley, a lumberman from the North, came to Edgerton, got full, was sent to jail here, and today was released, having sworn out. He declared his intention of starting for the lumber districts on foot, and hopes to reach there in time to attend the winter logging.  
Captain James F. Spencer, who is well known by many of our citizens, he having served for many years as head clerk of the Park hotel, at Madison, has accepted the management of "The Baldwin," of Hudson, on the West Wisconsin railway, and will enter upon his duties the first of the coming month. He has the best wishes of many.  
The walking match between Miss Lachapelle and Buckner at Beloit, Saturday last ended in a row. At the end of the forty second mile the woman, who was a mile behind, quit the track claiming that Buckner was not fulfilling his agreement. What the agreement was is not known, but it is supposed the man was to let the woman beat him.  
Young Knowlton, who was arrested on complaint of Charles T. Wilcox, on the charge of entering a house in the daytime with intent to commit larceny, was today discharged by Justice Prichard, there being a lack of evidence, to show that he had any such intent in going into Wilcox room. The bottom having fallen out of the case Wilcox sought to gain satisfaction by swearing out a warrant for assault.  
Who shall decide when doctor disagree? There seems to be a marked diversity of opinion about the sanitary effect of introducing Rock river water into the households of the city for domestic use. Even among those who are in favor of water-works there are many who object to having the water drawn from the river, even through filter beds, and claim that the city had better be without water-works unless the reservoir system can be adopted. Some claim that at Pope's Springs such a reservoir could be built and an abundant supply furnished from there, and that it would be pure and healthful. Some of those who subscribed for water for their houses, now say they will not take it unless they can have something beside river water. This and the question as to whether the city or some company shall build them seem to be the chief points of discussion now among those who are talking about water-works.

## THE WEATHER.

The thermometer at 7 o'clock this morning stood at 51 degrees above and at 2 o'clock this afternoon at 69 degrees above. Clear. One year ago today the thermometer stood at 58 and 80 degrees above. Special to the Gazette.

CHICAGO, Sept. 24.—Indications rising followed by falling barometer, variable wind and partly cloudy.

## SPORTING NOTES.

Yesterday the new Chicago of 1879 were defeated by fragments of other nations, bearing the name of Indianapolis, the score being 9 to 7.  
The Stars yesterday defeated the Forest City, of Cleveland 10 to 2.  
The Peoria Reds were yesterday defeated by the Milwaukee 8 to 0. The Peorias seemed unable to hit Warner, making only one base hit.  
The two tracks for the walking match of O'Leary and Hughes is being laid out. The walk will commence Monday. The betting is in favor of O'Leary.

## WAIT A LITTLE.

## The Council Committee on Water-Works Want More Time.

An adjourned meeting of the Common Council was held last evening at the City Hall, his Honor, Mayor Norcross, in the chair, and all the Aldermen being present except Alderman Hutchinson.  
On motion of Alderman Lawrence, the regular order of business was dispensed with.  
Ald. McKinney, from the special Committee on Water-works, made the following report, which was accepted:

To the Hon. the Mayor and Gentlemen of the Common Council of the City of Janesville:  
Your committee, to whom was referred the matter of water-works, have the honor to report that they are unanimous in favor of the construction of some approved system of water-works for this city, and at as early a day as may be practicable, but there is a division of sentiment among your committee as to whether the interests of the city would be best secured by constructing the water-works or by leasing or buying the water supply from a corporation. As some legal objections have been interposed, your committee would request further time, that they may obtain some legal opinion in the premises. Your committee hope to make a full report at the next regular meeting of the Common Council.

H. D. MCKINNEY,  
W. HENNING,  
JOHN T. WILCOX,  
F. S. LAWRENCE.

Ald. Davies, from the Judiciary Committee, to whom was referred the communication of County Clerk Morgan, in reference to the drawing of jurors, state that it was a matter that the Aldermen should attend to, and that the Council had nothing to do in the matter.

Alderman Fitzgibbon, from the Gas Committee, reported in favor of erecting a lamp post at the corner of Washington and Bluff streets, First Ward. Adopted.

On motion of Ald. McKenney, the City Engineer was instructed to transfer the grade of South Bluff street, (between South First and South Second Streets,) to the City Grade Book, and that said grade be adopted as the grade of that portion of said street. Adopted.

On motion of Ald. Fitzgibbon the City Attorney was directed to make out the necessary papers for the removal of the Barnes' building, recently removed to the Hyatt House block.

## DEATH OF MICHAEL SULLIVAN.

The sad news reached this city this morning that Michael Sullivan, the well known engineer, who was in the employ of the Chicago and Northwestern railroad for fourteen years, had died suddenly at his home in Jackson, Michigan. He was an old resident in this city, and removed to Jackson about three years ago to enter the employ of the Michigan Central railroad. Only a week ago he was in the city visiting friends, and looking after some of his property, and was then in better and heartier health than ever before. It appears that on reaching home he was taken with a bilious attack which caused his sudden death. He leaves a wife and daughter besides many friends. During his long residence here he won many friends and acquaintances who will learn of his sudden death with great regret and who will sympathize deeply with the bereaved family.

## ROCK.

During the heavy showers which passed over this town on Thursday afternoon and evening, lightning struck the telegraph wire on the N. W. R. R. near Alton, twice, in nearly the same place. The wire was torn down, and thirteen telegraph poles were more or less shattered. In the afternoon the section hands were working within thirty feet of where the bolt struck. It was a narrow escape for them, all of the five men being stunned, though none of them seriously.  
Mr. R. S. Waite has been threatened with typhoid fever, but at last accounts was improving.  
We are glad to learn that friend Burdick, of Johnston, Clinton, is happy in the possession of a bouncing boy.

## JOHNSTOWN CENTER.

Politics run high in this town, but Hon. C. G. Williams still has the inside track.  
Farmers are very busy at the present time inspecting the potato hills in search of that choice vegetable, but very few of them do they find.  
There have been no weddings in town of late, but plenty of births. So many that our space is too small to chronicle them all, so we'll not make any enumeration.  
Mr. R. T. Pember, has been to the county fair at Watertown, to show up his large colt. It is worth seeing, being but little over three years old and weighs considerable over a ton.  
Hon. F. H. Norcross, and O. H. Fether, Esq., will speak on the political issues of the times, at the church in this village on Tuesday evening, October 1st. Members of all parties are invited to come out and hear the plain truth delivered by men of unblemished reputations.  
Hon. C. H. Parker, of Beloit, and C. W. Stewart, of Waukesha, spoke in this place on Tuesday evening, the 17th inst. Mr. Stewart is a smooth speaker, but made some assertions that will not "go down" in an intelligent audience.  
Now that the Gazette is reduced to \$1.50, it places the campaign news within the reach of all.  
Mr. Lucius Miles and wife were in town last Sunday, visiting at the residence of Mr. A. Warner.  
The Temple of Honor held an open session last Friday evening.

## Our Daily Food.

Adulteration prevails in our daily food. Food is a most important necessity, and it should be wholesome and nutritious. If all articles that are used were as pure as Dr. Price's Cream Baking Powder, we should escape many of the ills of life.

## CITY NOTICES.

## LOCAL MATTERS.

Ladies and Gents will always find the nicest and cheapest Box and Staple Stationery in the city and Shoppers' Bookstore, No. 29 Main street.

## Notice.

All persons knowing themselves indebted to me before April 1st, 1877, will oblige by calling and settling the same within 30 days. All claims not settled within that time will positively be left with an officer for collection. All persons not able to pay their account will call and get a receipt for the same. All able to pay a part call for a receipt to settle my old book, and this is the last time I will spend money calling upon you for settlement. Therefore, if you wish to save cost give your immediate attention. Sept 24th S. S. JUDD.

## An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reason-

ing, will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual constiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a Druggist but will sell you its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. **decided-woman.**

## Fever and Ague Cured for 50 Cents.

Dr. Swayne's Fever and Ague Pills, (without calomel or opium), are a quick and sure cure in every case for ague and fever, intermittent and remittent fever, and all diseases having their origin from Malaria. They are a great tonic and preventive as well as cure of all complaints peculiar to malarious, marshy and malarial districts. They act on the liver, and brace up the system to a vigorous healthy condition. Notwithstanding these pills are sold for one-half the price that other ague cures are sold for, yet we will warrant them as effective in all cases as any pills or mixture, let the price or compound be what they may; and being entirely free from all minerals, their use leaves no bad effects, as in the case of many other remedies. Sent by mail to any address on receipt of price, (in currency or postage stamps), 50 cents a box, three boxes \$1.25, six boxes \$2.50. Address letters, Dr. Swayne & Son, 330 North Sixth St., Philadelphia.

## Executive Health.

And unwholesome diet at this season of the year may speedily carry you to the grave. Parker's Ginger Tonic, by its corrective action on the entire digestive apparatus, will not only unfailingly cure Diarrhoea, Dysentery, Cholera, Cholera Infantum, Colic, Cramps, Spasms, &c., but will prevent those dangerous disorders from attacking the system. It may save your life, and should always be kept in the house. This pleasant remedy is unequalled for teaching children, nursing mothers. Possessing many additional virtues of other valuable roots, it is far superior to Essences of Ginger, without their constipating effects, and while more invigorating than Bitters never intoxicates, nor creates any desire for stimulants. It cures Dyspepsia, and its varied symptoms of Headache, Nervousness, Palpitation of the Heart, Wakefulness, Sour Stomach, Costiveness, Liver Disorders, Furred Tongue, Low Spirits, Neuralgia and Rheumatic Pains, enables you to enjoy the fruits and vegetables of the season without fear, and gives comfort after a hearty meal. Buy a \$1.00 bottle of your druggist, A. J. Roberts, or a sample bottle at 15 cents, and test its extraordinary merits. jydawewts-p20

## Itching Piles.

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night as if pin worms were crawling in and about the rectum, the private parts are sometimes inflamed; if allowed to continue, very serious results may follow. Dr. Swayne's All-Healing Ointment is a pleasant cure.

HOME CURES.—We were great sufferers from Itching Piles, the symptoms were as above described; the use of Swayne's Ointment in a short time made a perfect cure.

J. W. CHRIST, Boot and Shoe House, 331 N Second Street.

T. C. WEYMAN, Rutter, 8 South Eighth Street, Philadelphia.

Reader, if you are suffering from this distressing complaint, or Tetter, Itch, Scald Head, Ring Worm, Barber's Itch, any Crusty Scaly Skin Eruption, use Swayne's Ointment and be cured. Sent by mail to any address on receipt of price, (in currency or postage stamps), 50 cents a box, three boxes \$1.25. Address letters, Dr. Swayne & Son, 330 North Sixth Street, Philadelphia. No charge for advice. Sold by leading druggists. jydawewts-3

## DIED.

GODFREY—At Lima, Rock county, Wisconsin, MARY GODFREY, June 15th, aged thirty-one years, four months, and eighteen days.  
Over the River, through the peary gate;  
Angel hands beckoning all the way;  
Welcoming voices of loved ones, that wait on the golden shore,  
Greeted her home, to eternal day.

Over the River, in the land of souls;  
Her bark's moored fast, by the Great White Throne;  
But sad and dreary, and never joy holds  
The home bereft,  
Of a mother's love, and a wife's glad tone.

Over the River, through the peary gate;  
Though the boating long with muffled oar,  
List to baby pleadings, begging him wait  
Till their feet grow strong.  
Ere he bore her away from the nearer shore.

Over the River, singing down the bank;  
I'm going home, I am going home,  
While life grows dear and sadness sank  
A pall of darkness,  
On the husband's onward path way lone.

Over the River a bright crown wearing;  
A beacon light on the golden strand,  
Guiding upward, dear ones waiting bearing  
Just a little longer,  
Life's cares, ere they join the ransomed band.

## MISCELLANEOUS.

Dr. V. CLARENCE PRICE

Visited Janesville

EIGHTEEN YEARS.

HAS met with unparalleled success in the treatment of all

Chronic Diseases

—OF THE—

THROAT,

LUNGS,

HEART,

STOMACH,

LIVER.

Head, nerves, kidneys, bladder, womb, and blood affections of the urinary organs, gravel, scrofula, rheumatism, catarrh, asthma, bronchitis, dyspepsia, &c.  
Dr. Price's reputation has been acquired by candid, honest dealing and years of successful practice.  
My practice is not one of experiment, but founded on the laws of Nature, with years of experience and evidence to sustain it. I do not treat, I make sick to make well; no harsh treatment, no trifling, no flattery. We know the cause and the remedy needed; no guess work, but knowledge gained by years of experience in the treatment of Chronic diseases. Chronic diseases are incurable in a prospect. Cautious in our opinions, reasonable in our charges, claim not to know everything, or cure everybody, but do lay claim to reason and common sense. We invite the sick, no matter what their ailment, to call and investigate before they abandon hope, make interrogations and decide for yourself; it will cost nothing as consultation is free. Visits made regularly.

DR. V. CLARENCE PRICE  
Can be consulted at JANESVILLE, MEYER HOUSE, Saturday and Sunday, the 19th and 20th of October, 1879.  
Patients will address all letters to Dr. V. Clarence Price, Waukegan, Ill., with stamp.
